Hi, Martin.

Yes, the open house/availability session is planned from 6:30 pm to 8:00 pm, Sept. 23, at the Silverton Town Hall. As it now stands, this will be very informal with folks coming by as they wish to have one-on-one conversations with EPA, BLM, USGS, ARGs and perhaps the state.

Please let me know if you have any questions or would like additional information.

Thanks,

Cynthia

Are we having the public open house on the 23rd?

Subject: Upper Animas Mine District Site - La Plata County Meeting Sept 24 (evening)

Cynthia,

We are confirmed with the La Plata County Commissioners meeting on September 24 following our meeting in Silverton on the 23rd. They would like to do this as an evening meeting as a presentation to the commissioners that the public would be able to hear and ask questions or make comments.

In my conversation with Commission Gwen Lachelt, she suggested that EPA would have about 30 minutes and ARSG might start with about 10 minutes. (Peter Bulter has presented to the commissioners in the past.) We talked about presenting an overview of: what EPA knows (Dan's and Rob's work), current source control efforts, long-term investigation/remedy process. As of last week, the team indicated that they are all available that evening.

If you would please work with Jan (the commissioner's assistant) and finalize the remaining details that would be great. As you saw the BLM is aware of the plan to meet on the 24th, and we

just need to confirm the details now. (Power Point presentations can be shown.)

I am traveling for the next couple weeks, and will be in on August 25th.

Thanks,

Steve
